

RTCEx Exported Constants

RTC Smooth Calib Plus
Pulses Definitions

```
graph RL; A[RTC Smooth Calib Plus Pulses Definitions] --> B[RTCEx Exported Constants];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from right to left. The box on the right is shaded gray and contains the text 'RTC Smooth Calib Plus Pulses Definitions'. The box on the left is white with a black border and contains the text 'RTCEx Exported Constants'. The arrow indicates that the definitions in the right box are used or exported to the constants in the left box.
