

Input and Output operation  
functions

IRQ Handler and Callbacks

```
graph LR; A[IRQ Handler and Callbacks] --> B[Input and Output operation functions]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the text "Input and Output operation functions" on two lines. The box on the right is light gray with a black border and contains the text "IRQ Handler and Callbacks" on one line. A horizontal arrow points from the right side of the gray box to the left side of the white box.
